Money Trust Investi-
Committee Discusses
Financial Regulation.

WASHINGTON, D. C., Feb. 19.—The money trust investigating committee today considered the financial regulation legislation recommended by its subcommittee. The committee discussed the bill in detail, and the members expressed their views on the various provisions. The committee expects to report by February 27. The bill is a comprehensive measure to regulate the money market, and it is expected that it will be passed by the House of Representatives. The committee's report will be a valuable contribution to the discussion of financial reform.

EXCHANGE MEMBERS PROTEST

NEW YORK, Feb. 19.—The author of the stock exchange bill prepared today to increase the tax on stock exchange transactions, and to give the government the right to regulate the exchange, has been called before the committee on finance today. The committee is expected to report on the bill by February 27. The bill is a comprehensive measure to regulate the stock exchange, and it is expected that it will be passed by the House of Representatives. The committee's report will be a valuable contribution to the discussion of financial reform.

FEDERAL JUDGE ADMITS MYLIUS

NEW YORK, Feb. 19.—Edward F. Mylius, the English journalist convicted of the King George of England and the Queen Mary of the United States, has been admitted to the United States today. The admission was made by the federal judge, who stated that Mylius had been granted a full and complete pardon by the British government. Mylius is now free to travel throughout the United States.

WASHINGTON, Feb. 19.—Secretary of the Interior, Mr. Nathan, today declared when told of the appeal of the case of the King George of England and the Queen Mary of the United States, that he would not interfere with the decision of the federal judge. The case is now before the Supreme Court.

LLOYD-GEORGE'S HOME WRECKED

Mrs. Emmeline Pankhurst Ac-
cepts Responsibility for
the Outrage.

LONDON, Feb. 19.—The country residence of Chancellor of the Exchequer David Lloyd-George at Walton Heath was practically destroyed this morning by a bomb, which the police say was placed there either by militant suffragettes or their male sympathizers. Lloyd-George himself is on a motor trip in France. The bomb was a powerful one, and it caused considerable damage to the house. The police are now investigating the case.

CARDIFF, Wales, Feb. 19.—"We have blown up the chancellor of the exchequer's house," said Mrs. Emmeline Pankhurst, addressing an enthusiastic meeting of suffragettes here tonight. "The authorities need not look for the women who actually did it. I personally accept full responsibility for it."

COAL DEALERS ARE ACCUSED OF FRAUD

SAN FRANCISCO, Feb. 19.—Accused of defrauding the federal government of more than \$450,000 in customs duties on imported coal, President John L. Howard of the Western Fuel company and seven other officials or employees of the corporation were indicted today by a federal grand jury for criminal conspiracy. The men surrendered themselves and were released on bail in the sum of \$3000 each. Other than Howard, the men indicted are James B. Smith, vice president, general manager, and director; Joseph L. Schmitt, treasurer, and director; Robert Bruce and Sidney B. Smith, directors; Frederick C. Mills, superintendent; Edward J. Smith, company dock weigher and a brother of the vice president; Edward Mayers, dock weigher. Investigation into the methods in vogue by the Western Fuel company began two weeks ago by government agents. As the result the government charges that for many years the company, which virtually has a monopoly on the foreign coal sold in San Francisco, has swindled it in three ways—the "drawback" on coal sold to American vessels; on the weight of coal sold to the government for use by army transports; on the duty on coal coming in. According to a statement issued today by United States District Attorney John McNab, "the Western Fuel company has in its control the coal weighing system of the port, and every pound of imported coal goes over the company's scales."

DISAPPEARS; LEAVES "SUICIDE" LETTER

"Fred Nichols" or "Ed Noon-
nan" Is Sought by Police;
Missive Vague.

A man who appears on the register of the Cozy rooming house, 4 East First South street as Fred Nichols, was reported to the police as missing yesterday, while a letter that was found upon the bed in his room, written apparently to a woman, expressed an intention on the part of the writer to "end it all."

The letter was not addressed or signed. An empty envelope freshly stamped, found by the letter, bore the address, "Mrs. Jessie H. Campbell, general delivery, Long Beach, Cal." The letter was turned over to the police by Mrs. L. Mortensen, who conducts the rooming house. According to Mrs. Mortensen, Nichols is a man about 45 years of age, and first registered at her place Saturday morning. He explained that he expected his wife to arrive any day from California, bringing with her a lot of blooded dogs. The letter left was vague and almost illegible. In part it read:

Dear Hart: Forgive me for writing to you like this, but you know that I went to the P. O. and got yours and read them and I don't know what to say. I left home and I ain't working or anything else but thinking of you. I am writing this to you and it will be the last for I am tired of life and am going to end it all to-night. This letter is bathed in tears for I do this I could only see you before I do this. I would be satisfied but always remember poor stormy Noonan.

He went out of the house to prevent a scene, not that I am afraid of your brothers, but it got so strong that I had to go. I paid their debts and they kicked me out in the snow to do the best that I could. Now what do you think of anything like that I paid.

The letter ends without conclusion or signature.

The name "Noonan" which appears in the letter was found on a post card, in the room addressed to "Ed Noonan" a letter, found in the room, addressed to E. Campbell, and received recently from Long Beach, Cal. was unknown. Mrs. Mortensen said last night that Nichols had not been intoxicated since he had been stopping at the place, and had paid his room rent in advance. She said that he had said he owned real estate near the capital grounds.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all dealers. URGES SPEEDY WORK ON THE SUPPLY BILLS

(Continued From Page One.)

The committee to proceed under the authority of the new congress.

Following the meeting Representative Burleson of Texas, its chairman, issued the caucus call.

"Mr. Underwood informs me," said Mr. Burleson in a statement accompanying the call, "that the present majority members of the ways and means committee have concluded their study of the bill now in course of preparation looking to a revision of the tariff and that it is deemed desirable before further action is taken that those who are to serve as majority members of the ways and means committee of the next congress should be selected in order that they may participate in further action to be taken in perfecting the tariff bills. It is also deemed important that action be taken at the caucus to prepare for the organization of the new congress."

The ways and means committee virtually will mark time until the caucus officially determines the personnel of the new committee, although it is expected that all of the Democratic members who were re-elected again will be appointed. Of the Democrats on the committee Representatives Randall of Texas and Brantley of Georgia were not re-elected, and Representative James of Kentucky will go into the senate. Representatives Payne of New York and Fordney of Michigan were the only Republican members re-elected.

The ways and means committee expects to present its tariff revision scheme at the opening of the extra session of congress which house leaders will be called to meet the first week of April.

LESSEN TAXES BY VOTING IS FAVORED

(Continued from Page One.)

Believe that it makes for good government. The expression of the people's will should be as complete as possible. We are going to have more direct legislation now than ever before and it is absolutely necessary to the success of the plan that the people go to the polls to vote.

Senator L. B. Wight of Summit also spoke in behalf of the bill, declaring that unless the people went to the polls and voted, the political bosses would have an easy time controlling the elections. At present, he said, thousands of dollars were spent each year in Salt Lake for transportation of voters to the polls. This money, he said, was paid out of a hoodlum fund. Under the present law there appeared no reason for supplying carriages or other means of transportation. This expense would be eliminated and the voters would be free to vote unrestricted by obligations to the party that supplied the transportation.

Senators D. O. Rideout, J. R. Edgheill and Joseph Eckersley spoke in favor of the bill, after which the roll was called, and the bill was passed by the following vote:

Ayes—Booth, Craig, Eckersley, Edgheill, Ferry, Kelly, Rideout, Smith, Wight, President Gardner—10.

Noes—Cottrell, Funk, Hansen, Iverson, Lunt, Olson, Thornley, Williams—5.

CARDINAL FARLEY AT SAN JUAN, PORTO RICO

SAN JUAN, P. R., Feb. 19.—Cardinal Farley of New York and Archbishop J. H. Blenk of New Orleans, accompanied by a number of other prelates, arrived here today to take part in the celebrations in connection with the four hundredth anniversary of the establishment of the Catholic church in the island of Porto Rico—the first Catholic diocese in the New World.

The Right Rev. W. A. Jones of Porto Rico met the party, and a great crowd which gathered greeted the visitors enthusiastically.

Warner's Safe Remedies

Nature Gives Warning

Statistics show that thousands have kidney trouble in the less advanced stage, without knowing just what their ailment is and many carelessly neglect themselves until the poisoning of the system makes them aware that their kidneys are diseased.

Nature, however, has equipped the human body with a perfect system of danger signals, more perfect than those used by the best regulated railroad, and they should be as effective. If you have a lame back, torpid liver, cloudy urine, inflammation of the bladder, these are your danger signals. You need

Warner's Safe Kidney and Liver Remedy

It is reliable and has back of it 35 years of success, having accomplished important results where other remedies failed. Made from purest ingredients; it is pleasant to take.

Do not neglect the danger signals—Kidney trouble once in evidence, if not watched, may develop into Bright's disease, which is most feared by everyone.

"Perfectly Well and Strong"

"I cannot speak too highly of Warner's Safe Kidney and Liver Remedy, as it cured me of liver troubles, from which I had suffered for years. I tried many remedies. I despaired of getting well until I tried Warner's. After using it 3 months I am perfectly well and strong."—Sara Burnside, Denver, Colo.

When the minister called the congrega- tion together to pray for rain only one little girl brought an umbrella.

Now that is the way with about half of the people who commence saving. They do not themselves really believe that they are going to succeed in saving systematically. They start almost as a joke and soon stop. THEY HAVE NO FAITH IN THEMSELVES or in their own stick-to-it-iveness. An astonishing number of savings accounts fail to grow for just that reason.

When you open YOUR savings account, be like the little girl in your confidence that you will succeed in your undertaking, KNOWING that you have backbone enough to continue the weekly or monthly additions to the account. That is what counts in saving as in everything else.
